*Unique Features of SpyPhone XXX you will not find anywhere else

- Make SMS from Targeted number.
i.e. You can forward any text to any number, send any SMS message directly *from* the Target *to* any defined number.
- Phone Book:
Phone Book contacts saved in phone is directly upload to your specified email id.
- Takes Picture from Camera:
This is the most amazing feature of SpyPhone XXX it uses phone camera to discretely take photo from front or main camera and uploads to your specified email id.

For Android Version it will copy all Stored Gallery Pictures & Video and will upload to your specified email id.

We sell both only software and pre-loaded phone as per your requirement, due to nature of product to buy pre-loaded phone is better option.
